Program ~ Bette Lee Meci; Author and Certified Laughter Leader

Bette Lee Meci, a resident of Middletown, NY, is the author of a new book, *Ground –Breaking Choices and Courage: How Could I Send My 6 Year Old Son to India?*

Her book is a memoir relating the choices and courage it took to become who she is today; meeting her husband, studying with a guru, traveling to India, and meeting Mother Teresa. Along the way, she became a certified laughter therapist.

Bette Lee will share all this in a delightful presentation that you will not want to miss. Come for a relaxing, therapeutic evening with new friends and old. A Chinese Auction will complete the fun and support the Hospice Auxiliary.
